January 25th, 2006 – Vancouver, BC – Quizam Media Corporation (“Quizam” or “the Company”) (TSX-V: QQ), through its President Russ Rossi, is pleased to announce the appointment of Walter Mustapich to its Advisory Board.

Currently the Vice Principal of Templeton Secondary School, Walter Mustapich is a veteran school administrator in Vancouver’s Lower Mainland private and public school systems.

In addition to his work in education, Mustapich was employed by Paramount Pictures’ TV program ‘MacGyver’ for five years. He was the unit production manager and helped oversee the production of more than 100 episodes of the television series.

Mustapich also co-write the BC provincial instructional resource package for Film & Television Production 11 and 12. This document is used by film teachers across the BC school system to guide delivery of their film curriculum to students.

Mustapich holds a degree in Secondary Education from the University of British Columbia and a Master of Education degree from San Diego State University with a major in educational leadership.

Russ Rossi, President of Quizam, said, “Walter’s experiences in both public and private education as well as the private sector makes him a valued member of our advisory board. Quizam needs education leaders who are also strong business thinkers.”

Commenting on his appointment, Mr. Mustapich said, “I look forward to contributing to the success of Quizam. As an educator, I am very excited about the possibilities Quizam offers students – it’s an educational tool that can make a significant difference in the success students experience in school. Quizam makes learning fun and relevant, something any educator should embrace.” Mustapich added, “Russ also has a great vision for Quizam and its worldwide potential making this an exciting journey indeed – my business sense tells that he is onto something big.”

About Quizam Media Corporation (www.quizam.com)

Quizam Media Corporation is currently launching sales of Quizam, a compelling Computer-Based Assessment tool that utilizes time-tested quizzing methods to empower students to learn in an environment where their assessment is instantaneous and their learning curve is accelerated.

Quizam's mission is to empower the 55 million school-aged children in North America and Europe with relevant, effective and fun study aids.
