October 3rd, 2006 – Vancouver, BC – Quizam Media Corporation (“Quizam” or “the Company”) is pleased to announce John Oliver Mini School has signed an agreement to use Quizam for grades 8 to 12 students to accelerate in Math and Social Studies.

John Oliver Mini School offers a comprehensive, academic program in a small group setting. Acceleration in Math and Social Studies is an integral part of the program along with information technology and computer programming. Academic competitions in Math, Science, and other disciplines are emphasized as a means to promote learning and stimulate student interest in subject areas. The computer programming course ensures that all students have a modern, high-level course in computer usage which makes John Oliver Mini School unique in Vancouver.

The program enables students to take a wide variety of electives and advanced placement courses in their Grade 12 year. Field trips and outdoor education are integral components of this program and are used to enrich student learning. Students are provided with opportunities for leadership and service to the school and community.

Irene Dual, Director of New Business, says “For students that are self-motivated and are passionate about learning new information with a purpose in mind, Quizam offers that challenge, I’m pleased that John Oliver is part of this stimulating program”.

About Quizam Media Corporation (www.quizam.com)

Quizam Media Corporation is currently launching sales of Quizam 2.0 Software, a compelling Computer-Based Assessment tool that utilizes time-tested quizzing methods to empower students to learn in an environment where their assessment is instantaneous and their learning curve is accelerated. Students that use Quizam learn faster and score higher. Quizam’s mission is to empower over a billion school-aged children and university students globally with relevant, effective and fun study aids.
