September 7th, 2006 – Vancouver, BC – Quizam Media Corporation (“Quizam” or “the Company”) is pleased to announce Charles Yohin School will be piloting Quizam’s Flashcard Software to meet individualized learning goals.

Charles Yohin School belongs to the Dehcho Divisional Education Council in Nahanni Butte. Nahanni Butte is one of the Deh Cho’s isolated communities, accessible only by winter road, air and boat travel and is close to the Nahanni National Park Reserve, some 77 kilometres north of the British Columbia-Northwest Territories border.

Charles Yohin School offers K-10 and puts a high priority on ‘Inclusive Schooling’ which is a mandate in the NWT. Within the concept of inclusive programming, teachers don’t label students as “regular” or “special” and separate students rather students are ‘all learners’ requiring appropriate individualized educational programs. This necessitates accurate and ongoing assessment of those strengths and needs and flexible groupings which are constantly in flux as the learning requirements for individuals within those groups change.

Irene Dual, director of new business states, “I’m pleased that Charles Yohin School will use Quizam for daily assessments. The program is meant to support teachers to offer a creative learning resource that students can use to study with, collaborate and create their own quizzes. This kind of engagement stimulates the desire to learn new things and gain confidence in the process.”

About Quizam Media Corporation (www.quizam.com)

Quizam Media Corporation is currently launching sales of Quizam 3.0 Software, a compelling Computer-Based Assessment tool that utilizes time-tested quizzing methods to empower students to learn in an environment where their assessment is instantaneous and their learning curve is accelerated. Students that use Quizam learn faster and score higher. Quizam’s mission is to empower over a billion school-aged children and university students globally with relevant, effective and fun study aids.
