January 30th, 2013 – VANCOUVER B.C./ST. LOUIS MO – Quizam Media Corporation (“Quizam” or “the Company”) – is pleased to announce that ontrackTV and [ej4](#) today have agreed to a strategic reseller partnership that brings ej4’s short, video-based learning content to the ontrackTV customer. The partnership will help improve workplace performance with both traditional and non-traditional corporate education customers.

ontrackTV pursued ej4 as a channel partner after reviewing several large content providers to add to their eLearning offerings. ej4’s short, digestible learning content was perfect for the ontrackTV client and the relationship was easy to navigate. “[ej4](#)’s channel management is visionary and flexible,” said David Lee, Business Development Director, ontrackTV.

[ej4](#) urges clients to stop training and start building performance. Their cloud-based learning content averages 10 minutes or less and is completely mobile. This fits well with the “Learn online. Any time, any place.” philosophy of ontrackTV. ej4 provides off-the-shelf, [custom eLearning](#), and a number of performance support products for workplace training on topics including [sales](#), compliance and productivity. ej4 learning content is problem-solution oriented, built with a strong instructional design, and is perfect for on-the-job and refresh learning.
